Dear Sir

DEATH OF A NIGERIAN DEPORTEE ABOARD
IBERIA FLIGHT

While aboard Iberia airlines flight 163746 on Saturday
9th June 2007, a Nigerian deportee died enroute
MMA Lagos. The said Nigerian, whose name is
unknown was tied on his legs and arms and
gagged with duct tape. He was apparently
injected with some liquid from where he lost
consciousness and later died. We had to return
to Spain and landed in Alicante where the corpse
was removed. We were put on another flight thereafter
